ABOUT EXHIBITION

Chemical Pump valve & MVR @ ICIF China is a sub brand comes with ICIF China. 2017 is a first year of the 13th Five-year. The state council issued «The opinions on accelerating the revitalization of the equipment manufacturing industry» clearly pointed out that the large chemical equipment included in the 16 key areas of key breakthroughs in the future. Promote the independence of petrochemical equipment, chemical equipment manufacturing enterprises in China to provide a broad market space. According to the marketing research, in order to promote the enterprise brand, complete the rapid expansion of the market, equipment products and technology related enterprises are the new theme of the exhibition will carry the latest R&D solutions at the ICIF China.

PRODUCT RANGE

Pump

Piston Pump, Diaphragm Pump, Roots Pump, Screw Pump, Gear Pump, Rotor Pump, Vane Pump, Axial Vortex Pump, Mixed Flow Pump, Jet Pump, Lift Pump, Chemical Pump, etc.

Evaporator

MVR, Film Evaporation Equipment, Short Film Evaporator, Scraped Film Evaporator, Centrifugal Film Evaporator, Falling Film Evaporator, etc.

Crystallizer

Vacuum Crystallizer, Concentrating Crystallization Equipment, Cooling Crystallization Equipment, Continuous Casting Mold, etc.

Heat Exchanger

Plate Shell Heat Exchanger, Finned Heat Exchanger, Spiral Heat Exchanger, Corrugated Tube Heat Exchanger, Graphite Heat Exchanger, Ceramic Heat Exchanger, High Efficiency Heat Exchanger, etc.

Compressed Air Systems and Equipment

Compressor, Compressed Air System, Compressed Air Purification Equipment and Apparatus, Roots Blower, Compressed Air Dryer, Compressed Air Filter, Compressed Air Tank, etc.

Drying Equipment

Rotary Dryer, Chain Layer, Band Dryer, Spin Flash Dryer, Blade Drying, Drum Tube Dryer, etc.

Water Treatment Equipment

Sewage Treatment Equipment, Water Purification Equipment, Desalination Plant, etc.

Evaporative Crystallization Equipment

Effect Separator, Condenser, Hot Pump, Sterilizer, Thermal Insulation Pipe, Vacuum and Drainage System, Each Material Liquid Delivery Pump, Steam Manifold, Operating Platform, Electric Appliance Control Cabinet and Valve, etc
